Particularly at this time are the American people weary of figures. All important national issues, not excluding prohibition, are debated in mathematical terms. It is impossible to discuss the war debts, the R. F. C. or the balancing of the budget without assembling a vast array of additions and subtractions and percentages.

Bleary-eyed from studiously frying to interpret nine to 12 figure numbers, the people turn with a sigh of relief from abstract figures to you consider what other people may personalities and pasts. The great American pastime is dealing with personalities, especially those of political heroes and villains, and the picking of a presidential cabinet is the Olympic game of the sport.

LAW MERITS APPROVAL

Citizens understanding the situation will be unable to approve the stand of the Pennsylvania House of Representatives in the action taken last Tuesday in refusing to approve a law to the effect that after September next, if a borrower of money signs a mortgage stating in words that it must be paid either to the owner of the money or to someone by him authorized in writing to receive it, then payment to someone else would not be valid payment.

In recent years both borrowers and lenders in this section of the state have suffered loss to the extent of hundreds of thousands of dollars by payments to alleged agents having no written authority. When a lender gets a mortgage, has it recorded, and puts it away in his strong box, he ought to have positive assurance that he can protect himself and that he has not merely bought a law suit; and the borrower ought to be completed 102 years of service, has protected when he pays by knowing that he is paying to the right person and will not have to defend against a second demand for payment. SLOW MOTION PICTURE OF THE MIND

You've seen those slow motion pictures of things. Of a football game. Of a tennis match. Of a hundred yard dash. You know how gracefully, how precisely people move in those pictures. You can see every action, every turn of the body. You don't miss a thing. Everything is there right before you, clear as can be. Nothing escapes the eye.

Some day somebody ought to invent a camera that will photograph the action of the mind that shows its activities just as candidly as that. It would be illuminating—and terrible. I can think of many occasions

when it would be convenient. Example One: A man is driving down the highway thinking of something besides his driving. There's a at all. He hasn't the fainest idea how the accident happened. . . . Red Cross Board Hears Reports

In Relief Work For January Given

REPORT MADE ON RECENT ROLL CALL

Reports of activities during the month of January, were submitted to the executive committee of the Lawrence County Chapter, American Red Cross at its February meeting in the Chapter rooms Thursday

The flour committee reported distributions of 10,540 sacks of flour during January, which was given out in all sections of the county. A total of 10,585 garments of various kinds was distributed through the Red Cross Garment Committee

during the month. Mrs. C. J. Kirk, chairman of the garment committee reported the production of 5,477 during December and January, by the sewing units outside the city. There were 625 volunteer workers engaged in the work. The number of garments supplied the needy which were made up from the yard goods, was 2,732. The number returned to the Red Cross was 2,031 while 714 were retained by the various units for distribution. During January 4,682 garments of all kinds were given out

Mrs. Nell Feichtwanger city production chairman reported seven units working in the city during January with 59 supervisors and 283 workers. There were 1,300 garments completed. During the last two months, 2,446 garments have been made up from the cloth, 1,511 being returned to the Red Cross shelves, while 1,121 were distribut-

Report of Miss Kathryn A. Hite, chapter nurse showed 144 visits were made to homes during January of which 23 were investigations and 13, social service visits.

Visits were made to two schools. glasses being secured for one school child, while ten layettes containing 242 garments for newly born infants, were given out.

In addition, 25 hours was spent in administration work at the Chapter office, assisting in the relief activwere attended and 39 interviews were given in the interest of nursing service and general activities, making a total of 202 calls and interviews during the month.

NEGLECT OF COMMON CONSTIPATION IS A SERIOUS MATTER

Prevent This Condition With Kellogg's ALL-BRAN

The first question your doctor asks is whether you are constipated or not. He knows that this condition may cause headaches, loss of appetite and energy, sleeplessness. It is often the starting point of serious disease.

You can prevent and relieve common constipation so easily. Just eat a delicious cereal once a day. Laboratory tests show that Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regular habits. ALL-BRAN is also a rich source of blood-building iron.

The "bulk" in ALL-BRAN is much like that found in leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the intestinal wastes.

Isn't this "cereal way" safer and far more pleasant than taking patent medicines—so often harmful? Two tablespoonfuls of ALL-BRAN daily are usually sufficient. With each meal in serious cases. If not

relieved this way, see your doctor. Enjoy ALL-BRAN as a cereal, or use in cooking. Get the red-andgreen package at your grocer's. Made by Kellogg in Battle Creek.

Climax of Fifty-Year Romance

John Quincy Adams Johnson, 74, is pictured with his bride, the former Caroline Sutherland, also 74, as they left the "Little Church Around the Corner," New York, after their marriage ceremony. The nuptials climaxed a romance that began fifty years ago, when the couple met at Newburyport, Mass. Johnson is a maternal great-grandson of John Quincy Adams, sixth President of the United States. This is his second marital venture, but the first one for his bride.

Listening in on Tiny Ticker

He doesn't know what it's all about, but this little man is doing his best to turn out a good program for the doctor who seems to be using him for a receiving station. The baby with the "Oh Yeah!" look in his eye is Michael Mullo, one of the hundreds of children cared for daily at the Boston Health Center. If appearances count for anything, Michael won't take up much of the doctor's time.

As Sandino Ended Warfare

An event of particular interest to the United States is shown above. General Augusto Sandino (right), Nicaraguan outlaw leader, is shown with President Juan B. Sacasa of Nicaragua at the Presidential Palace in Managua, after signing a peace agreement. Sandino flew from his mountain stronghold to the conference after the last United States
Marines had withdrawn. Declared a bandit by the American government. Sandino had conducted a five-year guerrilla war on our Marines.

A Slugger Dons Greasepaint

It's all part of the movie game, but we wonder what baseball fans will think when they see this picture of Wally Berger having his eyebrows touched up. Berger, homerun slugger of the Boston Braves, is one of the big leaguers appearing with Joe E. Brown in the movie comedian's latest picture. Incidentally, Brown is a real fan and owner of a minor league club.

Nation's "Best Minds" Will Offer Views On Economic Conditions

Invite Prominent Leaders Of cused. He said James M. Cox, New-Nation To Appear Before Senate Committee

That Will Pull Country Out Of Difficulty

By PAUL C. YATES
International News Service Staff

WASHINGTON, Feb. 10.-A host of the nation's "best minds" will offer their views, starting Monday, to the senate finance committee in an effort to restore prosperity

A list of prominent leaders, summoned to the "prosperity hearings" was announced Thursday by Senator Harrison (D) of Mississippi. Such names as Bernard M. Baruch, Winthrop W. Aldrich, Frank A. Vanderlip. Thomas W. Lamont, financiers, L. F. Loree, Myron C. Taylor, W. W. Atterbury and Alfred E. Smith, headed the list.

Harrison announced the hearings would be continued past March 4. Seventy leaders already have been invited and invitations today were going forward to 180 more.

Her Father or Kidnaper?

Los Angeles authorities are holding William Dathe pending investigation of the story told by six-year-old Hedwig "Dathe" (both shown above) that she was kidnapped from Hamburg, Germany, two years ago. Dathe was arrested by immigration officials when, accompanied by the child, he applied for unemployment relief. He claims to be Hedwig's father and states her mother was the wife of a Hamburg city employe who turned the child over to him. Advices from the Hamburg police substantiate Dathe's claim.

New State Code Is Far-Reaching

At Least Four Of State Teacher Colleges May Be Eliminated

NO DISCUSSION ON THOSE TO BE HIT

(International News Service) HARRISBURG, Feb. 10 .-Fourteen trustees boards of as many Pennsylvania Teachers' Colleges in Pennsylvania will be dissolved outright if the proposed new school code clears legis-

lative barriers. The Department of Public Instruction today explained this phase of the voluminous measure now before the Assembly, pointing out that control of the colleges would pass into the hands of the State Council of Education.

Would Close Four

ber of the colleges themselves would coast. be closed. The code in its present ber "not exceeding ten" may be maintained. On that basis, four is generally accepted as the number of colleges which would be eliminated, whereas legally the council could close twice that number if it

colleges would be singled out to walk the plank, in the event the code is enacted, does not warrant speculation at this time, public instruction attaches emphasized today.

Expands Powers

"It has not been discussed," they said in reply to a query. While the proposed new school laws vastly expand the powers of the ors at the home of Mr. and Mrs. council of education, Senator Leon C. Prince is preparing a bill to

MANAGEMENT

The current economic assault upon industry and business has demonstrated the wisdom of this now historic policy of The Western and Southern Life Insurance Company of strengthening reserves and building up surplus for the protection and security of our policyholders. Our 1932 statement strikingly reflects the result of this policy. We have closely adhered to our policy of safety and protection of policyholders through integrity and stability of reserves and ample surplus. It is our purpose to continue this proven course which insures the absolute safety of every policyholder.

All real estate of the company has been depreciated below present values, and all mortgage loans to positive and certain values. All bonds are carried at their amortized value, with not a single default, and consist solely of Government and high-grade municipals, which to-gether with our cash practically equal the entire capital and surplus, thus creating a most liquid condition.

Rigid economies and strict adherence to these practices during 1932 has resulted in a matchless condition which for quality and character of reserves, liquidity of resources and financial strength is unexcelled if equaled by any life insurance company in the United States.

Life insurance written at all ages and amounts from birth to age seventy. Premiums can be paid weekly. monthly, quarterly, semi-annually or annually at the convenience of the insured. Our rates are among the lowest guaranteed life insurance premium rates of all United States Companies.

Protection to policyholders at lowest cost to them is our constant endeavor.

All policies contain guaranteed cash, loan, paid-up and extended insurance values

Just who will start for the red and follow black passers tonight is not certain. Not even Coach Bridenbaugh himself can tell who will be the five men to start the game. It looks like Battley and Teplica at the forwards, with Kelly at center and Reiber and Kominic at the guards, and then again it may be the same lineup that started against Rochester High with Battley and Kelly at the forwards, Miles at center and Reiber and Teplica at the guards. But Kominic is too valuable a man to sit on the bench. Bridenbaugh has been using Kominic at a forward and guard both and the dependable "Komy" has shown plenty of stuff. Look For Battle

Market Is Easy Or Reactionary

Profit Taking Is Factor In Market Transactions Today

(International News Service) NEW YORK, Feb. 10 .- Renewed weakness in the tobacco shares and individual issues combined with uncertainty over the U.S. Steel unfilled tonnage report at noon brought a reactionary stock market today." A contributing factor was further profit-taking.

Early steadiness in the market was upset by a break of a point in Case Threshing. This brought some selling into other farm stocks, Heavy selling broke out in the tobaccos almost immediately after-

The whole market was easy sympathy with losses running to around a point. Gold shares were an exception.

Secretary Tells **About Bond Issue**

Board Postpones Action Until Word Is Received From Attorney

ELLWOOD CITY, Feb. 10.-Secretary of the local board of education G. Blaine Hancher talked to the board at its regular meeting last night on a proposed bond issue.

Mr. Hancher attended the school directors' meeting in Harrisburg last week and while there discussed the bond issue with state officials. The reason for this action is that the board will have \$30,000 in bond payments to meet in the next few months. If the payments are met the board will not be able to pay

Mr. Hancher stated that Ellwood City is held in high regard by the officials, who consider it a prosperous and up-to-date community, and Alf Asper of North Washington, Pa were glad to grant permission for the school district to issue new bonds. They advised the board to advertise for 3% or 4% bonds. The bonds could be obtained and spread over a period of six or 12 years so as to give relief for the years of 1933 and '34.

The undercover men report that it won't be long until a gyp artist will be giving the local folks the well known works. According to the information the lady is no piker and when he starts his campaign ne deals only in big figures. For some weeks he has been living in the city and nobody knows just yet what the gyp will be. But the indications are it won't be long till we find out.

This is the night when the volunteers of Niagara Hose Company put on the nose bag down in the Eighth Ward Fire House. Every three or four years the boys get reckless and go for a lunch in a big way and tonight's the night.

THUMBPRINTS

Seems as though farming is a training for any profession....Dr. John Foster at one time was on the business end of a plow....Adolf Lang has been a butcher since he was big enough to lift a pig's knuckle....Looey McClung the city treasurer, learned to juggle figures with the Carnegie Steel Company... and before that worked on the railroad Officer Henry Dysart got his start manicuring a pair of bars through a tin mill roll.....W. S. Moore was one time connected with circusses and outdoor shows..... and still gets a kick out of reminiscing over the old days.
